

Reformation fiber standards

A
All stars

B
Better than most

C
Could be better

D
*Don't use unless certified**

E
*Never use ***

Organically Grown Linen (GOTS)
Organically Grown Hemp (GOTS)
TENCEL™ Lyocell x REFIBRA™
Regeneratively Grown / Transitional Regenerative Cotton
Recycled Cotton
Recycled Linen
Recycled Wool
Recycled Cashmere
Post-consumer Recycled Leather
Naia™ Renew
Naia™ Renew ES
CIRCULOSE®
Jute
Natural Fiber Deadstock
LENZING™ ECOVERO™ x REFIBRA™

Ramie
Raffia
Rattan
Hemp
EU Flax Linen
TENCEL™ Lyocell
Organically Grown Cotton (GOTS)
Natural Rubber (FSC®)
Biobased Elastane/Spandex
EVO by Fulgar®
Cycora®
Cupro
Regeneratively Grown / Transitional Regenerative Cashmere
Regeneratively Grown / Transitional Regenerative Wool
Regeneratively Grown / Transitional Regenerative Bovine Leather
Synthetic Fiber Deadstock

Viscose (FSC®, Canopy Green Shirt)
Organically Grown Cotton (OCS)
Organically Grown silk
TENCEL™ Modal
Naia™
Yak
Goat / Sheep Leather (Gold/Silver LWG)
REPREVE® Polyester
ECONYL® Regenerated Nylon
Recycled Elastane/Spandex
LYCRA® EcoMade

Conventional Linen
Conventional Lyocell (FSC®)
Silk (bluesign® / OEKO-TEX® Standard 100)
Responsible Alpaca (RAS)
Organically Grown Wool (GOTS)
Responsible Wool (RWS)
Bovine Leather & Suede (Gold/Silver LWG)
Cashmere (fiber sources certified under The Good Cashmere Standard® by AbTF)
Mechanically Recycled Nylon (GRS)
Mechanically Recycled Polyester (GRS)
Chemically Recycled Polyester (GRS)
Chemically Recycled Nylon (GRS)
Recycled Acrylic (GRS)
Recycled PU Leather (GRS)

Conventional Cotton
Conventional Wool
Conventional Cashmere
Conventional Acrylic
Conventional Viscose
Conventional Acetate
Conventional Modal
Conventional Nylon
Conventional Polyester
Conventional Elastane/Spandex
Polyurethane (PU) synthetic leather
Fur
Angora & Mohair
PVC

The following classifications reflect Reformation's internal evaluation criteria to select fibers. While we utilize some of the trademarked materials listed above in our own products, all rankings are determined by objective performance criteria. Mention of these branded fibers is for identification purposes only and does not imply any affiliation with or endorsement by the trademark holders.

**Detailed certification and traceability requirements are defined within the Reformation's Certification Toolkit.*

***A marginal fiber allowance may be permitted if essential for construction and performance.*
